Xlafold

Bifolding door

Let the outside in

Nothing beats the feel-good factor of open living space. A seamless transition to outdoor living, Xlafold aluminium bifolding doors offer superb slimline aesthetics with a strong, robust performance. Xlafold bifolding doors maximise the glazed area thanks to their sleek, slimline aluminium profiles which deliver maximum light appeal.

Quality guaranteed

Xlafold aluminium bifolding doors can meet and exceed current building regulations.

They have a typical U value of 1.5 W/m²K and feature an interlocking gasket system for improved weatherfastness, delivering excellent thermal efficiency and will effectively keep cold and wet weather at bay. They have PAS 24:2016 accreditation, so offer reassuring security as well as meeting the requirements of Document Q of Building Regulations.

Available in a range of configurations and a choice of square or bevelled beads options for personalisation.

KD51

Entrance doors

Make an entrance

Make an entrance to your home with an KD51 aluminium entrance door. Our aluminium rebated thermal doors create a beautiful entrance to match the style of your home perfectly.

Aluminium doors offer strength, durability and are highly resistant to corrosion for years of trouble-free use and operation. The natural strength of aluminium gives you beautiful sleek lines, less frame and more glass area.

The KD51 aluminium door incorporates Thermal Break Technology creating an insulated barrier for overall improved thermal efficiency. Each door comes with multipoint locking as standard for additional security and years of trouble-free maintenance.

KLS

Patio doors

Illuminating interiors

The KLS aluminium patio door offers a full width clear opening to your terrace and garden. With the trend for large expanses of glass that give unrestricted views to the outside, the patio door delivers this better than any other type of door on the market.

Viewed from the inside or outside, the KLS aluminium patio door will transform the look of your room as well as your home.

Our aluminium KLS patio door is available with a choice of lift-and-slide options or slide-only options and has been designed to maximise the glazed area, giving the expansive views and modern-day slim sightlines.

The doors use the K Concept mechanical corner cleat system, a sliding mechanism that allows large panels of glass to move effortlessly, smoothly and quietly, something that makes them a pleasure to use, year after year.

Each patio door uses a multipoint locking system and is internally beaded to ensure high security levels. Single and dual colour options complete a door suite that offers considerable appeal and stunning aesthetics.

KC75

Casement windows

Elegant designs to make a statement

Elegant designs to make a statement Aluminium windows make a stunning statement in any home. Our KC75 aluminium windows have slim frames that maximise the amount of natural light, making them perfect for both traditional or modern homes.

With a choice of design options the windows come with a multitude of practical features for today's modern day living while exceeding the energy performance requirements of current Building Regulations.

One of the beauties of aluminium windows is the choice of colours available. You can choose from an array of colour options to perfectly suit your home – from suiting in, or standing out, any RAL colour is available whatever your design taste maybe. Every colour is powder coated to give a durable, long lasting finish that won't discolour, blister, corrode or lose its sheen to ensure your windows stay beautiful and pristine for years of trouble free use.
